2008 Makah DEIS

You have got to be kidding me. How can you allow a Tribe to hunt whales when they are protected under the Marine Mammal Protection Act? Isn't America supposed to be a civilised society? Or, are we like Japan where whe can do whatever we please and skirt around the laws in spite of the reasons that they were put in place? This sort of skirting of the laws really makes me ambarrassed to be an American. No whaling should be allowed in American waters.
